ATAR Revision Programs

Curtin University is offering scholarships for students who achieve 3 points over their anticipated ATAR.

Book in for ATAR revision courses run during the mid year break.

Organisation	Details
ATAR REVISION ECU's Joondalup Campus	ECU free revision sessions are delivered on campus and online in September. Up until 2022, these programs were just for STEM subjects. There was significant demand for ECU to provide a broader range of courses.
mastermind	Master Mind Australia will be running online courses and face to face courses at Guildford Grammar School, Christ Church Grammar School and Methodist Ladies' College, Hale School, Ashdale Senior College and Quinn's Baptist College.
ACADEMIC TASK FORCE Achieve Success at School	Academic Task Force has added a new online service to their extensive range of support. They employ specialist teachers who work with students showing them how to apply what they have learnt at school, how to prepare for their exams and how to maximise their exam performance. Rossmoyne SHS - Churchlands SHS- Perth Modern School

ATARGET	ATARget ATAR Revision, ATAR Exam Preparation and Study Skills programs focus on strengthening students' understanding of subjects, boosting classroom confidence and improving examination performance.
WACE PLUS EDUCATION	WACE+ ATAR Revision, ATAR Exam Preparation and Study Skills programs focus on strengthening students' understanding of subjects, boosting classroom confidence and improving examination performance.
T.E.E. Consultants Intensive courses held at the University of Western Australia	TEE Consultants deliver intensive courses for year 12 students seeking university. Courses are run at UWA and Murdoch.
ACADEMIC ASSOCIATES Providing Excellence in Education since 1990	Academic Associates conducts courses in most WACE subjects. <u>See the latest</u> <u>timetable.</u> Venues: UWA and Notre Dame University
inTuition educational support	InTuition Education Support delivers small group classes in most WACE classes, exam preparation and study skills.

REVISE O N L I N E	Revise Online Those who prefer to revise by themselves or those who live in rural and remote areas my like Revise Online. You can find their range of services <u>HERE</u> .
	INDIVIDUAL TUTORS Many semi-retired teachers continue to tutor in their specialty subject. These teachers have a lifetime of knowledge of their subject, what examiners are looking for and tips for success. Ask at your school front office to see if they know anyone you can contact.
Curtin University	Curtin is running an <u>Economics</u> Conference and <u>a Finance and Accounting</u> Conference for ATAR students

Year 11 Opportunities

Curtin Girls + Engineering Tomorrow

Applications are open for Year 11 girls who wish to participate in an intensive out of schools course for 10 sessions, run each fortnight over two school terms. Each session includes a maths tutoring component and an engineering exposure component. Contact <u>Aleesha Davis</u> to find out more.

Applications Open for 2024 National Youth Science Forum

Applications close 31 July

The NYSF program is a 10 day science camp run in Canberra and Brisbane in January for students going into Year 12 who are interested in science, technology, engineering and maths.

The program provides participants with outstanding STEM experiences, opportunities to see a range of careers and you will meet students who could be colleagues throughout your career.

West Australian applicants are encouraged to contact their local Rotary group as Rotary supports this program where possible. You can find out about scholarships <u>HERE.</u>

You can find out about the program <u>HERE</u>. **28 |** P a g e

Year 7 – 10 Opportunities

Public sector traineeship program

Public Sector Commission Public sector trainee - regional

successful completion of the traineeship, you will attain a nationally recognised qualification of a *Certificate II, III or IV in Government (Public Administration).* For more information go <u>HERE.</u>

Aboriginal and Torres Strait Islander Opportunities

27 May – 3 June National Reconciliation Week - Be a Voice for Generations

Reconciliation Week is a perfect time to lobby for Aboriginal and Torres Strait Islander people to have the power make life and death decisions about their lives.

Having a voice to parliament is a vital step in improving the life expectancy of Aboriginal people across Australia.

Having a voice will help to put in place support so that kids don't slip into a path that leads to incarceration.

We need to listen to Aboriginal and Torres Strait Islander people who know what the problems are and who are best placed to identify solutions for their communities.

You can find the Reconciliation Week Home Page <u>HERE.</u>

9 – 15 July Curtin Indigenous Australian Engineering School

Week long residential school

Indigenous Australian Engineering School (IAES) is a week-long residential camp introducing students to engineering studies and careers. Students will do site visits, meet industry representatives and participate in educational activities. The program targets Indigenous students in Year 9, 10, 11 and 12 with an interest and aptitude towards engineering, science and mathematics. For more information go <u>HERE</u>.

Email Tim Keely to find out more

Have you read the Uluru Statement from the Heart yet?

The Uluru Statement from the Heart is the invitation for Australians to establish a First Nations Voice in the constitution.

The Statement is powerful and moving and beautifully written. Read it <u>HERE.</u>

The referendum on <u>The Voice</u> is a matter of life and death. It aims to put decision making with those who are impacted.

Indigenous Pre-Medicine and Health Sciences Enabling Course

Are you interested in pursuing a career in medicine or health sciences? The Indigenous Pre-Medicine and Health Sciences Enabling course will prepare you for entry into most health sciences courses. Check out the video <u>HERE</u>. Find more information HERE.

Services for Aboriginal people enhanced across WA's 19 Jobs and Skills Centres

Jobs and Skills Centres (JSCs) services include specialist services for Aboriginal and Torres Strait Islander people. This service has recently been enhanced through an

\$8.14 million funding boost.

If you need information or support with any job or career related matters for Aboriginal students, contact <u>your local Jobs</u> <u>and Skills Centre.</u>

Students with Disability Opportunities

2024 Curtin Students

If you have a disability and plan to go to Curtin in 2023, register with Curtin's

AccessABILITY Unit so that staff are aware that you will be attending and of any specific services they need to provide to ensure your best opportunity to succeed. You can find details <u>HERE</u>.

Genius Armoury Cyber Security for Autistic Students

<u>Genius Armoury</u> offers a range of courses to help introduce neurodiverse individuals to cybersecurity, exploring some of the fundamentals of coding, threats, and exploits, networking, and more. Available to anyone and free to complete, modules only take around 30 minutes to complete.

Successful completion of the program may provide eligibility to those located in Western Australia for enrol in a Bachelor of Science course in Cybersecurity at Curtin without an eligible ATAR, through the Portfolio entry system. Find details <u>HERE</u>.

International Student Opportunities

4 July ECU International Student information session

Join this online information session and ask questions of experts. 6 – 7.30 PM Find more details and register <u>HERE</u>

Study Perth

<u>Study Perth</u> provides support to students who intend to study at school, VET or uni in Perth and to those international students who are already here. You can subscribe to their newsletter <u>HERE.</u>

\$1,500 International Student ELICOS Bursary

The Western Australian Government's International Student ELICOS Bursary provides eligible international students with a one-off support payment of \$1,500 towards their ELICOS course fees, when studying in Western Australia. Find details <u>HERE</u>.

Employment outcomes for international Vocational Education and Training (VET) Students

In mid-2022, 83.0% of international onshore VET students were employed after training, up 7.5 percentage points from the same period in 2021. A total of 81.3% were employed in Australia, which was 8.5 percentage points higher than in the previous year.

Overall, 73.0% of international onshore VET qualification completers had an improved employment status after training, an increase of 8.9 percentage points from 2021. You can read the report <u>HERE.</u>

30 May WA E-Forum: Community of Practice

Ty Jones from Geraldton leads another of our great discussions. This time he has identified the topic. *If There are Lots of Jobs, Why Can't I Get One? A Discussion on Employment Perception.*

You can join this free catchup and discussion <u>HERE.</u>

30 May myfuture Insights: Managing career uncertainty and anxiety: the power of career conversations

Tuesday 30 May, 11:00am

Career uncertainty has been defined as the inability, as a teenager, to articulate a career ambition or occupational expectation for adult life.

In this webinar, Dr Jo Gleeson (Monash University), lead author of the latest myfuture *Insights* paper 'Managing career uncertainty and anxiety: the power of career conversations', will talk about the findings of her research in this area, and share a questionnaire that can help young people to become more aware of their feelings associated with career decision making.

8 June Professor Peter Shergold AC | Setting future expectations: the importance of career guidance in schools

Thursday 8 June, 4:00pm (AEST)

Three years ago in June 2020, 'Looking into the future: Report of the review of senior secondary pathways into work, further education and training', one of eight national policy

initiatives under the National School Reform Agreement, was released. The significance and impact of this report cannot be understated. It has been a major catalyst for reshaping and reforming our national education landscape.

Join us for this informative webinar, as Professor Peter Shergold shares his insights on the progress made over the past three years and the potential development still to be achieved.

Register now

14 June Career Industry Breakfast

Join us at this great catchup which is on at Dome in **EAST** Vic Park each month. Register <u>HERE.</u>

15 June Enhancing the status of VET: Practical strategies for schools

Thursday 15 June, 6:30pm (AEST)

Given the key role VET plays in addressing national skills shortages, it's time to embrace VET and understand the many benefits and opportunities that it offers young people, such as facilitating strong school-to-work transition, and pathways to employment.

This informative webinar will use evidence-based data and research to provide you with an understanding of current labour force demands and the advantages of students following VET pathways. Join Joy de Leo from NCVER and Prof. Stephen Billet from Griffith University, to deepen your understanding of VET, and obtain practical strategies for increasing student interest in VET and shifting preconceived or outdated perceptions of VET in your wider school community.

Register now

21 June Norther Suburbs breakfast meetup.

The Vic Park meeting has been going for about 5 years and lots of people asked for one to be run north of the river.

Well, Karen Kerlin and Cema Santos have now organised one. Please support their

efforts by coming along to the breakfast. You can register <u>HERE.</u>

Opportunities and Resources - General

Women's Leadership Scholarship- Up to \$5000

Teaching is a great pathway to many different careers.

A <u>Women & Leadership Australia</u> <u>scholarship</u> will help you to develop your skills and it would look great on your CV.

Applications close 9 June.

Check out the opportunity <u>HERE.</u>

MODULES

Supporting Leadership Performance Effective Interpersonal Communication and Feedback Emotional Interlligence and Conflict Career and Professional Growth Elements of a Successful Team Presence and Presentation Skills Leading in Times of Change

Myfuture is even better now

It seems as if <u>myFuture</u> is re-emerging as the government's #1 hub for career information across the board.

Myfuture began as a collaboration of all Australian jurisdictions but seemed to lose its way a few years ago. Now it's back.

<u>Check it out</u>. You will save yourself a lot of time scanning different sites.

Interactive Hydrogen Awareness for High School Students

One of my current gurus, <u>Saul Griffin</u>, says that hydrogen will need to be part of the world's renewable energy solution, despite it needing electricity to produce.

You can increase your awareness of how hydrogen is produced through a program being offered by MPA Skills. Find out more <u>HERE.</u>

SkillsOne TV has hundreds of trade and technical skills videos

This is a free TV channel that collates hundreds of videos about jobs and careers in Australia.

To to find out more about job choices. <u>SkillsOne TV</u>

STEM

16 June Applications close Inspiring WA STEM Grants

Inspiring WA is offering grants to fund STEM events and initiatives to be held from July 2023 – January 2024.

Inspiring Western Australia's goal is to increase STEM engagement amongst underrepresented groups in STEM (Regional, Women & girls and First Nations communities). As such, events which work with, or engage, these groups will be highly regarded.

INSPIRING WA STEM GRANTS

Inspiring WA is offering grants to fund STEM events and initiatives to be held from July 2023 - January 2024.

STEM grants will be available to organisations to run STEM based events and initiatives in Western Australia.

STEM grants will be available to

organisations to run STEM based events and initiatives in Western Australia. For more information go <u>HERE.</u>

14 July Registration Deadline - Young ICT Explorers 2023

PROJECT DOCUMENTATION AND SUBMISSION DEADLINE 21 JULY 2023

Young ICT Explorers targets disadvantaged students in years 3 – 12 to give them equal access to engage with ICT. Students are invited to use creativity and innovation to solve real world problems.

This competition has been going for a while Find information and ideas <u>HERE.</u>

School Excursions to Curtin Sciences

Schools can visit Curtin Science Faculty, and experience hands on activities.

Activities readily link to the WA curriculum and aim to promote and increase awareness of science and opportunities within science. All excursions are free. For information go <u>HERE</u>.

Years 2 – 10 Registrations are open: UWA Emerging Engineers Competition 2023

The competition is open to female and non-binary students currently enrolled in Years 2-10 in schools across Western Australia. Students will follow the engineering design process to research and develop an innovative design to address the topic of powering a low carbon footprint house in 2040.

This hands-on, problem-solving experience, will see participants develop transferable skills. Find details <u>HERE.</u>

Get a StarPortal Account

I have recently got a StarPortal account. It is a government resource created by the Office of the Chief Scientist

identifies STEM activities across Australia. You can narrow your search down to WA. You can get an account <u>HERE.</u>

<u>Dr Cathy Foley</u> is our Chief Scientist. If you ever need an amazing female role model for girls check her out <u>HERE</u>.

It.

5 September Big Day In

The ACS Foundation presents:

The date of the 2023 Perth Big Day In has been announced. It is at Curtin this year.

Kerrie Bisario organises the event on behalf of the Australian Computer Society.

She has given early notice that this year's program will include speakers from Microsoft, Technology One, Westpac and BHP. I've got my ticket already as she expects strong demand this year.

If you want to book early go <u>HERE</u>.

20 September Years 7 – 10 It Takes a Spark! Conference

This is run at Peter Carnley College. It is designed by students, for students.

John Curtin College of the Arts students running a Cryptography workshop This is a video of last year's conference.

Teachers who are interested in their school pariticpating can find out more <u>HERE</u>.

TechTrails

Women in Technology WA (WITWA) filmed some of Curtin's innovative researchers in STEM for their program <u>Techtrails Online</u>.

Find out more about Techtrails <u>HERE</u>.

Girls in STEM Toolkit

This resource provides a range of tools including lesson plans for years 5 -6. 7-8 smf 9-10. It has career resources for STEM teachers. You can find it HERE.

THE GIST Girls in STEM Toolkit

STEM is the study of science, technology, engineering and maths. STEM is practical, challenging, and fun to study, plus it gives you the skills you will need to solve real-world problems in the jobs of the future.

Arts

Black Swan Theatre Student Ambassadors for 2024

Nominations open for 2024

Black Swan is committed to playing an active role in growing leadership potential of youth through our Ambassador Program.

Teachers are invited to nominate one student in Years 11–12, who is enthusiastic and who can offer a youth perspective to various aspects of our programming.

"I had so many awesome opportunities as a student ambassador and I'm really looking forward to continuing this journey as a Tertiary Ambassador." Student Ambassador 2022

Find details HERE.

Year 11

Curtin Year 11 Girls in Engineering Tomorrow

The *Girls Engineering Tomorrow* program, supports year 11 girls interested in engineering. Find out more about this 10-week program, key dates, and how to apply <u>HERE</u>.

Year 10

Kwinana Industries Council

The KIC Education Development Program is about showing high school students in the region the sorts of careers that are available in industry, and working with them in a practical sense how they might aspire to these sorts of careers.

There are programs for:

- iWomen
- iMen
- iScience
- iDiversity

For more information go <u>HERE.</u>

Girls Engineering tomorrow Years 9 – 10 Curtin University

Express interest now in the Girls Engineering Tomorrow Forum. This is a free event for Year 9 and 10 girls with a passion for STEM. This forum will introduce students to engineering, connect them with like-minded girls, hear from women in engineering, and complete hands-on activities. Express interest HERE

Years 7 - 9

12 June Years 7 – 9 Innovators' Tea Party

Inspire in 5

Year 7-9 students will hear a series of short 5-minute presentations from a range of mentors working in Science, Technology, Engineering and Maths (STEM). There will be question time at the end so students can ask questions.

This event is perfect for students to hear from some of Perth's diverse industry professionals, and get advice on careers, subject selection, and post-school pathways.

Get your FREE ticket HERE.

Primary School

George the Farmer for Primary Schools

These forest product resources are developed by educators. There are a number of free resources on the site but the full range of products is not free.

You can find the resources <u>HERE.</u>

Kids Lab @ Curtin Years 4 - 7

BASF is a chemistry company. Each year it partners with Curtin to give students the opportunity to discover the world of chemistry through simple, hands on, fun experiences that highlight how chemistry plays a role in their lives. For more information go <u>HERE</u>.

Future You

A program that aims to challenge stereotypes in STEM and inspire an interest in STEM careers amongst children aged 8 to 12. Find the resources <u>HERE.</u>

20 September It Takes a Spark! Conference Years 4 – 10

Students design this conference for students. It is designed to inspire STEM ideas with entrepreneurship. The workshops are all hands on so student will experience what it is like to be part of STEM and entrepreneurship learning. To find out more go <u>HERE</u>.

Earthside Astronomy – School Curriculum Pressentations

School Curriculum Presentations

At Earthside Astronomy we cover school curriculum outcomes focusing on what we know best... Space Science. Curriculum outlines covered include:

You can find details <u>HERE</u>.

Brain Food in Focus

I found this Ted Talk – I think it will make you feel good about what you do

What if the purpose of school were purpose? Ross Wehner

The problem today is not stress, the problem is meaninglessness.

Bill Damon Stanford University

This Ted Talk relates to the work of career educators so much, it could have been a CDAA webinar.

Ross Wehner is a bit like <u>Simon Sinek</u> but more aligned to education. He argues that when students find their purpose, their performance explodes.

Wehner describes strategies which are close to strategies that we all use, and a system that we can dream of.

You can watch it <u>HERE</u>.

The problem is not stress. The problem is meaninglessness

Professor Bill Damon Stanford University. 2011.

In the TedTalk above Ross Wehner talks about Professor Bill Damon saying

The problem is not stress. The problem is meaninglessness. This is the best thing I have heard for a while as I have been trying to find an answer to why there is such a steep increase in demand for personal counselling.

Submissions called for "Foundation Skills more important in VET courses"

Jobs and Skills Australia (JSA) is leading the development of a new national study on adult literacy, numeracy, and digital skills. Submissions in response to the Foundation Skills Study discussion paper will inform development of a survey of Australian adults to assess their current skills levels, and a feasibility study into how best to assess the literacy, numeracy, and digital literacy levels of First Nations people. For more information, see the JSA website.

Budget Information

The Food Fibre and Timber Industry Training Council has put together relevant links to training budget allocations.

......here's where to find the budget documents along with some interesting articles focusing on different aspects of the spending.

The Federal Budget

- A media release from the Hon Brendan O'Connor MP about skills and training.
- SmartCompany provides <u>key budget measures for small businesses</u>.
- Women's Agenda looks at the <u>budget impact on women</u>.

- For employers, here's a focus on <u>employment law</u> from the Australian HR Institute.
- <u>Skills and Training</u> is also the focus of NCVER's budget highlights.

The Western Australian State Budget

- A media release summarising WA spending to <u>support jobs</u>.
- And another looking at spending to drive WA's economic diversification.
- For the forestry industry, <u>\$36 million for the new Forest Management Plan</u> which includes 50 jobs.

In Focus Careers Facebook Page

I follow career related Facebook pages on the In Focus Careers Facebook Page.

I get stuff showing up that isn't strictly career related, LIKE... Who knew members of Voyager went to South Metro TAFE??

There is also background information, like vision of Curtin's Dubai campus. It provides interesting browsing. You can follow it <u>HERE</u>.
